Below is a plan showing how the chart pages fit together.
The page number is shown at the top left of each chart page.

The image displays a large grid, likely a crossword puzzle grid, with 20 columns and 20 rows. The grid is filled with various symbols and patterns, including letters, numbers, and geometric shapes. The symbols are arranged in a complex, repeating pattern across the grid. The symbols include letters (A-Z), numbers (0-9), and various geometric shapes (squares, circles, triangles, diamonds, etc.). The grid is divided into several sections by thick black lines, suggesting a multi-part puzzle or a specific layout. The overall appearance is that of a highly detailed and intricate grid-based puzzle.

This image displays a large grid of 100 columns and 100 rows. The grid is filled with a variety of symbols, including geometric shapes (squares, circles, triangles), mathematical symbols (percentages, dollar signs, summation signs), and other icons (lightning bolts, arrows, checkmarks). The symbols are arranged in a complex, non-random pattern that appears to be a form of data visualization or a specific code. The grid is divided into several distinct sections by thick black lines, suggesting a structured layout or a specific organizational scheme. The overall appearance is that of a highly detailed and organized data set or a complex visual representation.
